The SW series washer pairs the industry leading Honda GX160 engine with the Comet P40/20 Diaphragm Pump with Polypropylene body and Viton seals. All fittings and accessories are polypropylene or stainless steel with Viton seals making them suitable for many chemicals and suitable for commercial foaming and washdown applications requiring maximum corrosion resistance.

POWERED by
HONDA

Supplied accessories

Supplied with PVC soft wash lance with 0°, 15°, 25° & 40° stainless steel QR nozzles and nozzle holder, 25m PVC delivery hose with stainless steel QR couplings, 3m heavy duty suction hose with filter and return to tank bypass hose.
